MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The accompanying consolidated financial statements of Taykwa Tagamou Nation are the responsibility of management and have been approved by Chief and Council.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of CPA Canada and as such include amounts that are the best estimates and judgments of management.

Management is responsible for the integrity and objectivity of these statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The First Nation is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

The First Nation meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the consolidated financial statements and the external auditor's report.

The external auditors, Ross Pope LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of Taykwa Tagamou Nation and meet when required.

On behalf of Taykwa Tagamou Nation:

INDEPENDENT AUDITOR'S REPORT

To the Members of Taykwa Tagamou Nation.

We have audited the accompanying consolidated financial statements of Taykwa Tagamou Nation which comprise the consolidated statement of financial position as at March 31, 2015 and the consolidated statements of operations, change in net financial assets (debt) and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair representation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

The First Nation is owner of several limited partnerships and related general partner corporations. These entities as described in Note 2 do not qualify as government business enterprises due to the First Nation's ongoing requirement to financially support the entities. As such, these entities require consolidation under Canadian public sector accounting standards. The financial statements of these entities were not made available to us, therefore these entities are not fully consolidated. Consequently, we were unable to determine what adjustments, if any, may be necessary.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of the First Nation as at March 31, 2015 and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Emphasis of Matter

We draw attention to Note 20 of the financial statements which describes the restatement of comparative figures to include a previously unconsolidated entity. Our opinion is not qualified in respect of this matter.

Other Matters

Our audit was made for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The supplementary information included in Schedules is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements taken as a whole.

TAYKWA TAGAMOU NATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2015

1. NATURE OF ORGANIZATION

Taykwa Tagamou Nation (the First Nation) is a local government entity, located in Northern Ontario, whose principal purpose is to provide for the well-being of its band members. The First Nation operates under the Indian Act and is exempt from income taxes.

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements are the representation of management and, except as noted below, have been prepared in accordance with generally accepted accounting principles for the public sector as recommended by the Public Sector Accounting Board of CPA Canada. Further, the financial statements are prepared on the going concern assumption that the First Nation will be able to realize its assets and discharge its liabilities in the normal course of operations. Significant accounting policies are as follows:

(a) REPORTING ENTITY

The reporting entity includes the First Nation government and all related entities controlled by the First Nation.

(b) PRINCIPLES OF CONSOLIDATION

All controlled entities are to be fully consolidated on a line-by-line basis except for commercial enterprises which meet the definition of government business enterprises, which are included in the consolidated financial statements on a modified equity basis whereby the First Nation's investment is adjusted for its proportionate share of earnings (losses) of the government business enterprise. In the event accumulated losses exceed the cost of investment, the balance is written down to a nominal amount and not increased until losses are recouped by proportionate share of income sufficient to bring the investment balance to a positive amount.

Organizations consolidated in financial statements are as follows:

Taykwa Tagamou Band
Coral Rapids Power Corporation
Aptisawin Limited Partnership
2284327 Ontario Inc (TTN-Detour Education and Training Fund Corp.)

These consolidated financial statements do not include all the activities of several wholly-owned Limited Partnerships. Pahquataskkahmekook Limited Partnership (dissolved in December 2014), Amisk Construction Limited Partnership, New Post Constructors Limited Partnership along with their respective general partner corporations require ongoing financial support from the First Nation in order to operate. Public Sector Accounting Standards require the consolidation of such entities. The activities included in the consolidated financial statements are limited to expenditures incurred by the First Nation of behalf of these related entities.

Island Falls Forestry Limited Partnership is accounted for on a modified equity basis.

(c) ASSET CLASSIFICATION

Public sector accounting standards require that assets be classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets, prepaid expenses and certain investments.

TAYKWA TAGAMOU NATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)

YEAR ENDED MARCH 31, 2015

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(d) FUND ACCOUNTING

The First Nation uses fund accounting to account for activity related to the following funds:

Operating Fund - Reports the accountable program activities of the First Nation administration.

Capital Fund - Reports the capital assets owned by the First Nation and financing related thereto.

AANDC Trust Fund - Reports trust funds owned by the First Nation that are held in trust by Aboriginal Affairs and Northern Development Canada.

OFNLP Fund - Reports the distributions received from Ontario First Nations Limited Partnership and related expenditures.

(e) NET FINANCIAL ASSETS (DEBT)

The First Nation's consolidated financial statements are presented so as to highlight net financial assets (debt) as the measurement of financial position. The net financial assets (debt) of the First Nation are determined by its financial assets less its financial liabilities.

(f) LOANS RECEIVABLE

Loans receivable are recorded at amortized cost less any amount for valuation allowance. Valuation allowances are made to reflect loans receivable at the lower of amortized cost and the net recoverable value, when collectability and risk of loss exists. Changes in valuation allowance are recognized in the statement of operations. Interest is accrued on loans receivable to the extent it is deemed collectable.

(g) TANGIBLE CAPITAL ASSETS

Tangible capital assets are amortized over their expected useful life using the straight line method at the following rates:

Land	Infinite
Buildings	25 years
Transportation equipment	5 years
Trailers	10 years
Fire vehicle and equipment	10 years
Computer equipment	3 years
Furniture and fixtures	5 years

(h) LONG-TERM INVESTMENTS

Long-term investments are recorded at cost when not traded in an active market.

(i) PORTFOLIO INVESTMENTS

Portfolio investments, comprised of shares in publicly traded entities and mutual funds, are recorded at their market value. Any changes in market value are reported as remeasurement gains and losses until realized.

(j) REVENUE RECOGNITION AND GOVERNMENT TRANSFERS

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenditures are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon, when restricted by agreement or legislation, are accounted for as deferred revenue until used for the purpose specified. Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenditures are incurred, services performed or the tangible capital assets are acquired.

TAYKWA TAGAMOU NATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)

YEAR ENDED MARCH 31, 2015

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(j) REVENUE RECOGNITION AND GOVERNMENT TRANSFERS (CONT'D)

Government transfers are transfers from senior levels of government that are not the result of an exchange transaction and are not expected to be repaid in the future. Government transfers without eligibility criteria or stipulations are recognized as revenue when the transfer is authorized. A transfer with eligibility criteria is recognized as revenue when the transfer is authorized and all eligibility criteria have been met. A transfer with or without eligibility criteria but with stipulations is recognized as revenue in the period the transfer is authorized and all eligibility criteria have been met, except where and to the extent that the transfer gives rise to an obligation that meets the definition of a liability for the organization. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

Other revenues are recognized in the year that the events giving rise to the revenues occur and the revenues are earned. Amounts received which relate to revenues that will be earned in a subsequent year, are deferred and reported as liabilities.

(k) MEASUREMENT UNCERTAINTY

In preparing the consolidated financial statements for the First Nation management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenue and expenses during the period. The main estimates used in preparing these consolidated financial statements include allowance for doubtful accounts and amortization of tangible capital assets. Actual results could differ from these estimates.

(l) FINANCIAL INSTRUMENTS

Financial instruments are recorded at fair value when acquired or issued. In subsequent periods, financial assets with actively traded markets are reported at fair value, with any unrealized gains or losses charged to the accumulated surplus.

(m) PRIOR YEAR FUNDING ADJUSTMENTS

The First Nation has entered into accountable contribution arrangements with several government funding agencies. All such programs are subject to audit by the various governments, with audit adjustments repayable to the government. These adjustments are charged to operations in the year they become known.

(n) FUTURE CHANGES IN SIGNIFICANT ACCOUNTING POLICIES

CPA Canada has issued a number of standards that are not yet effective. The First Nation expects no impact on the consolidated financial statements from these future standards.

12. OFNLP FUND

The First Nation is entitled to a percentage of net revenues earned at gaming facilities located in the Province of Ontario. Net revenues are distributed in accordance with a formula agreed to by the participating First Nation Bands.

13. CONTINGENCIES

(a) The First Nation is involved in claims and potential claims arising in the normal course of operations. At this stage in the litigations, it is not possible to determine the likely outcome of these matters. Any settlements, awards or determination of loss will be reflected in the accounts as the matters are resolved.

(b) The First Nation has entered into contribution agreements with various federal and provincial government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

14. SEGMENTED INFORMATION

Taykwa Tagamou Nation is a diversified local government that provides a wide range of services to its members, including water, fire protection, roadworks, technical services, recreation, social services, health services, education, social housing and economic development among others. For management reporting purposes, the First Nation's operations and activities are organized and reported by fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with specific regulations, requirements or limitations.

The First Nation's services are provided by departments and their activities are recorded in these funds. Certain departments that have been disclosed in the segmented information, along with the services they provide, are as follows:

BAND GOVERNMENT

-Undertakes First Nation operated governance initiatives through the activities of Chief and Council and other activities relating to membership matters and other governance initiatives.

COMMUNITY SERVICES

-Provides services to the Taykwa Tagamou Nation members including workshops, awareness programs and events that benefit the community.

ECONOMIC DEVELOPMENT

-Manages the development of economic opportunities for First Nation entities and provides support to member entities.

EDUCATION

-Provides elementary and secondary education instructional services by way of tuition agreement and provides financial support to post-secondary students.

HEALTH

-Provides a variety of health care programs and support to First Nation members.

HOUSING

-Provides housing to members under various programs and reports on the respective revenue and expenditures.

LAND CLAIMS

-Undertakes First Nation operated governance initiatives through the activities of Chief and Council and other activities relating to reserve lands.

PUBLIC WORKS AND TECHNICAL SERVICES

-Public Works manages First Nation infrastructure programs including facilities operations and maintenance, capital projects, water and waste water plant operations and other related activities. Technical services provides contract management services, general labour services and other related activities.

For each reported segment, revenues and expenditures represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 2.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)

YEAR ENDED MARCH 31, 2015

18. FINANCIAL INSTRUMENTS

The First Nation is exposed to various risks through its financial instruments. The following analysis provides information about the First Nations's risk exposure and concentration as of March 31, 2015.

Credit risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. The First Nation is exposed to credit risk from customers and members. An allowance for doubtful accounts is established based upon factors surrounding the credit risk of specific accounts, historical trends and other information.

Fair value

The company's carrying value of cash, accounts receivable, and accounts payable approximates its fair value due to the immediate or short term maturity of these instruments.

The fair value of amounts due from/to related parties is less than carrying value because the amounts are non-interest bearing. However, because the amounts have no fixed repayment terms, the fair value and the exposure to related risk cannot be determined with any degree of certainty, and the amounts are therefore reported at their carrying value.

Commodity risk

The company is exposed to fluctuations in the price of gold due to the agreement with Detour Gold Corporation. The First Nation had no financial hedges or price commodity contracts in place at year end.

Interest Rate Risk

The First Nation has interest bearing credit facilities on which prevailing interest rate fluctuations apply and fixed rate interest bearing credit facilities which are renewable before maturity. Accordingly, there is a financial risk to the First Nation's annual surplus that arises from fluctuations in prevailing interest rates and the degree of volatility of these rates. The First Nation does not utilize derivative instruments to reduce its exposure to interest rate risk.

19. BUDGET FIGURES

Budget figures are not presented because not all consolidated entities provided an annual budget for the 2015 fiscal year.

20. PRIOR PERIOD RESTATEMENT AND COMPARATIVE FIGURES

Prior period balances have been adjusted to reflect the consolidation of Apatisawin Limited Partnership and its related General Partner which was previously unreported, resulting in the following changes:
